# STECMAX®

2-POST
OPEN FRAME RACK

Stecmax 2-Post open frame racks offer high quality,cost-effective solution for patch panels and network switches, save floor space than a fully cabinet or a 4-post racks.

■ Highlights

- 2-post open frame racks for networking application in IT environments.
- Light weight aluminum material for easy transportation and position when installation.
- Support 19″ mounting rack equipment designed for panel mounting, like patch panels and network switches.
- Delivery unassembled in one carton,convenient to transport, and easy to assembly.

■ Features

A.Easy Equipment Installation

Quick attachment of equipment with threaded holes(#12-24) and easy position of equipment with number marked.

B.High Density Cabling Management

Quickly attach any ArtseaTech vertical cable management to the side with the slot hole.
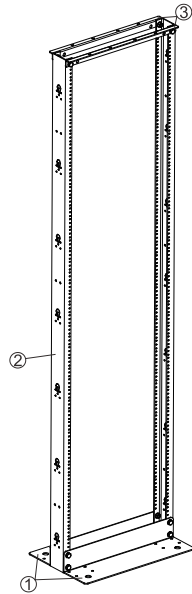

C.Floor Mounting Holes

Floor-mount holes on the base to secure the stability to the floor with installation kit.
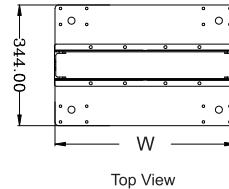

D. Cable Rings

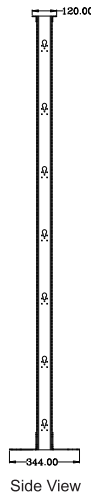

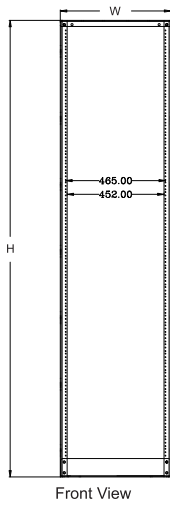

Provide plastic cable ring for easy installation and cabling.
